

Viewing iZento PDFs on iPad*

1. Go to the **Journal** -> **Print Journal** page for the trip you want to send.
2. Click the **Save as PDF** button - and save the file.
3. This is the PDF you want to **email as an attachment** to your client.
Your client will save the attached PDF - it's ready to load on their iPad

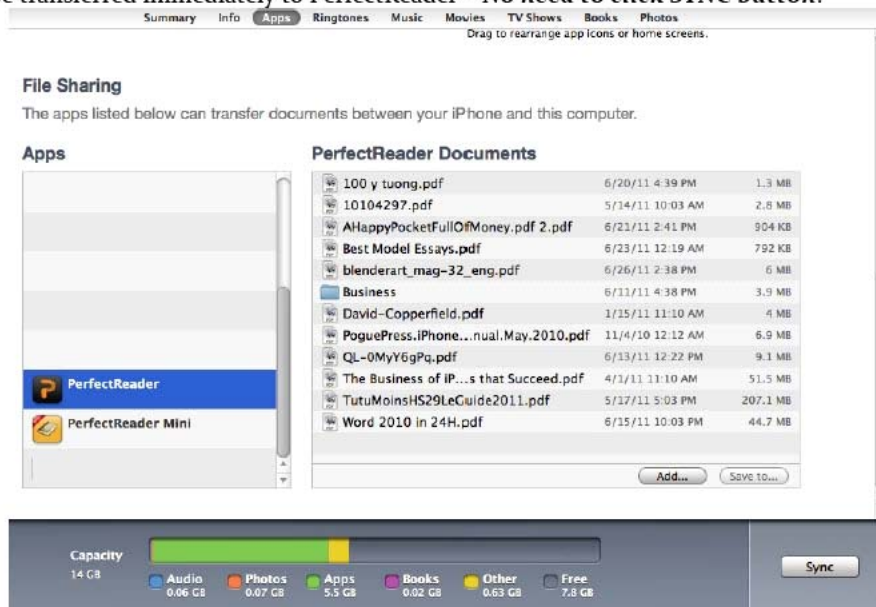

If your client does not know how to work it on their iPad:

1. They go to iTunes and download the PerfectReader app onto their iPad (the Free version)
2. Then they load the PDF you sent into the PerfectReader app

1.1 From PC/Mac to PerfectReader using USB Cable via iTunes:

This uses to transfer PDFs from your computer (PC/Mac only) to PerfectReader, simply follow these steps below:

- Start iTunes on your computer (please use the latest version of iTunes).
- Connect your iPad/iPhone/iPod Touch to your computer using USB cable.
- Click on your device's name on the left pane of iTunes Window.
- Select the **Apps** tab on the right pane of iTunes Window.
- Scroll the Window down till you see the **File Sharing** section.
- Select PerfectReader on the **Apps** list.
- Drop your files from your computer to the **PerfectReader Documents** pane. They will be transferred immediately to PerfectReader – **No need to click SYNC button.**

- **TIP:** You can also delete any file by select it in the PerfectReader Documents pane, then press DELETE key. If can also copy any file in this pane into your computer, just by dragging it into your computer.

*Use the same process for **iPhone** viewing; use the free **PerfectReader Mini** app.
